THE WORLD OF SILENCE AND THE SILENCE YOU SHAME

The world is full of abusers
The minority are here to be abused by you
Mustn't disobey
Mustn't tell
Or you will be abused by others
In the name of

Love, care, help or treatment
 It's not the real abusers
 That create the worse reasons to be silent
 It's you and what you do
 That creates the world of shame and silence
 I must be ready
 I have spoken out
 Even in words
 When they read this
 They will come and abuse me again
 Maybe it's my fault after all
 Maybe you're right and I'm wrong
 That's a shame
 or
 Is it shame?
 You decide
 Shall I be silent?..
 Like before
